 DA's Annual Collection of Solution Stories sponsored by leading education companies

**Dr. Hotlist is a comprehensive guide to Web technologies and online resources that are transforming education and K-12 schools.**

- [Emerging Web Technologies](#)
- [Curriculum Hotspots on the Web](#)
- [Professional Resources](#)

**Odvard Egil Dyrli Columns on:**

- [Persistent Problems of Porn](#) Offensive online content assaults school users through multiple channels.
- [School Blogs](#) Here's how to offer students and staff members in your district an online voice.
- [Cyberbullying](#) Online bullying affects every school district.
- [Visual Search Tools](#) Grokker and related tools are transforming online research.
- [Net Video](#) Online video brings program and public relations benefits to schools.
- [Affinity Groups and Wikicities](#) Interest groups are one of the Web's hottest trends.
- [Web Furling](#) This new service simplifies saving, searching and sharing online content.
- [Alternative Web Browsers](#) New browsers have compelling features and fewer problems.
- [Really Simple Syndication](#) RSS revolutionizes how districts distribute and use online information.
- [Darknets](#) File-swapping on the Internet has gone underground.
- [Podcasting](#) Do-it-yourself radio is spreading across the Internet like wildfire.
- [Wiki Sites](#) These sites offer collaboration opportunities, but have potential drawbacks.
- [Web-based Tutoring](#) Online help can offer specific and effective tutoring solutions.
- [Online Robots](#) Bots offer lively ways to dole out information.
- [Cell Phone Camera Policies](#) How should you police a technology capable of doing as much harm as good?
- [Virtual School Tours](#) District Web pages can offer multimedia views with public relations benefits.
- [Free E-Mail](#) Google's new Gmail offering can help or hurt school districts.

Dr. Hotlist is written and compiled by Odvard Egil Dyrli, senior editor of *District Administration* magazine and emeritus professor of education at the University of Connecticut. His e-mail address is [dyrli@uconn.edu](mailto:dyrli@uconn.edu).

**Dr. Hotlist's**

**CyberSmart Curriculum**  
 A free online curriculum empowering K-8 students to use the Internet safely, responsibly and effectively.
